

# Moustaches Checkpoint

Put moustaches (braces) where they belong .

```
public class ElTortuga
{
    static int tortoiseLocation;

    public static void main(String[] args)
    {
        tortoiseLocation = Tortoise.getLocation();

        if (tortoiseLocation < 0)
        {
            System.out.println("El Tortuga se ha ido!");
        }
    }
}
```
